PPRO celebrates its tenth anniversary – Happy Birthday, PPRO!

PPRO has something to celebrate this year; the experts in international electronic payments and issuers of the VIABUY card are celebrating their tenth birthday! In addition to the official thank-you speeches by the company's management team, the day itself was, of course, marked by a special birthday cake designed to get the festivities off on the right foot. CEO Simon Black and founders Philipp Nieland and Tobias Schreyer cut the cake and accepted the congratulations and good wishes of their many friends, partners and customers.

PPRO's employees had to wait a few weeks for the big event: the company's tenth birthday party was held at the end of June and fully lived up to expectations. It was well worth the wait, as employees celebrated the company's 10-year anniversary in style with team games, music and delicious food.

PPRO was founded in Germany in 2006 by Philip Nieland and Tobias Schreyer. Both founders are still members of the company's management team, holding the positions of Chief Strategy Officer (CSO) and Chief Commercial Officer (CCO). CEO Simon Black joined the company last year. PPRO has been extremely successful in the alternative payment methods field since 2006 and as an e-money provider since 2012 (VIABUY and CrossCard).

PPRO has another reason to celebrate this year: the one-millionth VIABUY card is set to be issued soon!
